

OFFER WORK TO LABORING MEN

Eastern Concerns Write Mayor Davis Shortage of Hands Is Acute.

Because of the large number of enlistments since the United States declared war, there has been a great shortage of labor in the eastern states. Thousands of skilled mechanics and common laborers are wanted at once by large concerns in the eastern cities.

Mayor Charles Davis has this week received a number of letters from large corporations asking that if there is available labor in El Paso and the southwest to at once advise them and they will pay transportation and other expense. The concerns that are appealing for men are paying good wages, they claim.

Ask for Mexican Labor.
Mayor Davis received a letter Friday morning from the West Penn Power company of Connelville, Pa., stating that the company has a large amount of construction and maintenance work and wants scores of laborers. The company asks the mayor to say if it is possible to obtain Mexican labor for this work.

The Michigan Sugar Beet company of Saginaw, Mich., writes that several executives stating it needs several hundred laborers on its farms and in the factories at once.

Five thousand cotton pickers are wanted by the planters of the Imperial valley in California. They announce they will pay transportation for the families of the laborers to the plantations.

MAYOR ASKS EL PASOANS TO BE LIBERAL TAG DAY
"El Pasoans should contribute liberally to the Tag day campaign of the Young Women's Christian association Saturday," said mayor Charles Davis. "The proceeds derived from the sale of the tags will be given to the Red Cross society. It could not be given to a more worthy organization. Now then, the United States is involved in war with Germany and our allies this country will soon send an army to the front at France, and many of our boys will be killed and maimed. It will be then that the angels of mercy of the Red Cross will render invaluable service to those who have been wounded."

SHOES ARE CHEAPER HERE

Despite the heavy advances of the past few months and the high prices that are in effect now. We still own an enormous stock at old prices and are daily getting deliveries from old contracts at prices that were in effect months ago.

WE ARE SATISFIED WITH A LIVING PROFIT AND DO NOT ADVANCE OUR PRICES EVERY TIME ONE IS PUT INTO EFFECT BY THE FACTORY.

Nuxated Iron Makes Strong, Vigorous, Iron Men and Beautiful Healthy Rosy Cheeked Women

Dr. Howard James, late of the Manhattan State Hospital of New York and formerly Assistant Physician Brooklyn State Hospital, says:

"Iron is absolutely necessary to enable your blood to change food into living tissue. Without it, no matter how much or what you eat, your food merely passes through you without doing you any good. You don't get the strength out of it, and as a consequence you become weak, pale and sickly looking, just like a plant trying to grow in a soil deficient in iron. A patient of mine remarked to me after having been on six weeks' course of Nuxated Iron, 'Say, Doctor, that there stuff is like magic!'"

"If you are not strong or well you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength again and see how much you have gained. From my own experience with Nuxated Iron, I feel it is such a valuable remedy that it should be kept in every household and prescribed by every physician in this country."

Nuxated Iron, recommended above by Dr. James, is for sale by A. E. Ryan and all good druggists on an absolute guarantee of success and satisfaction or your money refunded.—Adt.

JUDGE CHARGES SPANELL JURY

Relates Degrees of Punishment Possible for Jury to Designate.

Coleman, Tex., May 4.—Instructing the jury today in the case of Harry J. Spanell, charged with the murder of Lieut. Col. M. C. Butler at Alpine last July, Judge Woodward said that if the jurors believed Spanell, with malice aforethought, killed Col. Butler he should be found guilty of murder and his punishment assessed at death or imprisonment for not less than five years.

The court said that if the defendant was found guilty of manslaughter and it was found he had never been convicted previously of any felony, the jury could cause sentence to be suspended during good behavior.

When the court finished the charge, arguments began. The four attorneys who will speak for each side will have a total of 16 hours to speak. The case is expected to reach the jury late tomorrow.

NO SHORTAGE OF CANS FOR VALLEY TOMATOES, CLAIM

There will be no shortage of cans for canning tomatoes and other vegetables produced in the valley this summer, according to F. W. Whitney, treasurer of the El Paso Valley Canning company. In a letter to secretary George H. Clements, Whitney states that his company has just received a shipment of 500,000 cans and expects other shipments during the summer. His letter was in reply to one from the chamber of commerce asking if this organization could be of any assistance in securing cans for the factories in this valley.

Because of the unusual demand for tin owing to the war it was generally believed by the chamber of commerce and farmers of the valley that it would be difficult to secure a sufficient number this year to can tomatoes and other valley products. For this reason, farmers believed they would lose a large amount of their crops.

Mrs. Meta J. Miller, of Oakland, Cal., is probably the only woman railroad president in the United States.

Mrs. Susan Colgate, widow of James B. Colgate, member of the gold board during the civil war, is past 100 years of age.

URGES WOMEN HOUSEWIVES' LEAGUE, JUST FORMED, HEARS MRS. COOP ON VITAL SUBJECTS.

At a meeting of 50 women representative of the foremost women's organizations in El Paso and of housewives, on the mezzanine floor of Hotel Paso del Norte at 10 o'clock Friday morning permanent organization of the Housewives' League was effected, and officers elected under the direction of Mrs. B. F. Coop, a representative of the league in Houston.

Mrs. Coop addressed the meeting on the work and objectives of the league with references to the welfare of the public in general. "Our league is one of cooperation with the industries businesses that concern our daily life and living," said Mrs. Coop. "We are not antagonistic to the food retailers, but desire to cooperate with them in the improvement of the conditions and sanitary conditions. We are not opposed to legitimate strikes, but we oppose violent fluctuations in the more common foodstuffs."

Food Problem Paramount.
"With this coming war the food problem is paramount with the housewives and it is our duty to contribute to the conservation and preservation of food resources. This can be accomplished by substituting in many cases. As an example, we may use peanut oil in place of olive oil as one is as healthful as the other and they cannot be distinguished."

"As regards sanitation it is our duty to know that the milk we consume from clean dairies, that public places, such as restaurants, hotels and others are kept sanitary, and that the foods we are compelled to use are kept covered from the ravages of flies and as far as possible from disease-carrying microbes. Mrs. Coop asked these present how many of them knew where their milk supply came from. She stated the total number about ten were self informed.

Believes in Penny Change.
"The league is a strong advocate of the penny change system and wishes every woman to take all change because it belongs to her. By securing the cooperation of the penny change collector the housewives can bring about a system of true weights among the dealers and get all they are paying for."

Elect Officers Board.
At the conclusion of a general discussion Mrs. David Holguin presented the motion, seconded by Miss Grace Logan, that those present consider themselves a committee and organize the Housewives' League. The motion was passed and Mrs. Holguin was elected to act as chairman, superintending the election of the following officers: Mrs. Carl E. Smith, president; Mrs. Holguin, vice president; Mrs. W. S. Tilton, second vice president; Mrs. Sidney Moore, secretary; and Mrs. S. S. Sutherland, treasurer. In addition to the officers chairman of the following committees were appointed: Mrs. E. J. Tipton, membership; Miss Grace Logan, officers' aid; Mrs. W. L. Crockett, finance.

Various Methods for the Conservation of Commodities were suggested and discussed. Mrs. Charles H. Stiel, an advocate of the saving of all money which is yearly spent on vacations and outings and said: "We can save this money, which we would have spent in the banks and use it next year when the problem is going to be more difficult to solve."

Mrs. Tilton said: "It would be an excellent plan to forego the buying of \$15 shoes and have our old shoes patched in order to conserve the supply of leather to be used where it may be needed most."

Mrs. S. H. Sutherland said: "The penny change system has been advocated in El Paso for some time by the Women's club and the health board is doing all in its power to rectify any irregular sanitary conditions. The merchants meet with the women on common ground and many good suggestions are accepted both ways."

The Women's Club.
Those present and the clubs they represented were: Women's club: Mrs. O. F. Metz, Mrs. J. W. Lorenzen, Mrs. Sidney Moore, Mrs. J. E. Quaid, Mrs. D. V. Fennessay, Mrs. S. H. Sutherland, Mrs. Charles H. Stevens.

Equal Franchise league: Mrs. David Holguin, Mrs. O. A. Critchett, Mrs. L. E. Kihler, Mrs. J. H. Carrington. Federation of Women's clubs: Mrs. Wm. Wallace, Mrs. Ponder S. Carter, Mrs. S. J. Fennell.

Others present were Mrs. Archibald Plattner, Mrs. W. Homer Ponder, Sadie Kerr, Mrs. S. E. Anderson, Mrs. R. L. Jackson, Mrs. S. E. Tipton, Mrs. E. Tipton, Mrs. E. H. Irwin, Mrs. Z. E. Funk, Mrs. T. H. Thurston, Mrs. F. B. Brown, Mrs. Robert Herrington, Mrs. J. Harry Henderson.

HIGH SCHOOL GIRLS MAY WEAR UNIFORMS NEXT YEAR

The girls of the El Paso high school will next year wear a uniform, if the suggestion of W. B. Mayfield is adopted. A resolution submitted to the board of education by Mr. Mayfield provides that the women teachers and the girls students wear a regulation uniform, including shoes. These uniforms can be secured for less than \$8, according to estimates Mr. Mayfield has received from local department stores. The uniforms are to be similar to those worn in eastern colleges by the girls students.

A two year normal course at the high school to start at the next term and a two year junior college course, beginning next year, are also embodied in resolutions prepared by Mr. Mayfield, as well as a resolution for the employment of a matron at the high school at the next term. These resolutions will be acted on by the board of education at its next meeting.

SHERIFF'S OFFICE MOVED TO NEW COURT HOUSE FRIDAY
The sheriff's office was moved Friday morning from the old to the new courthouse. The new offices are on the first floor, east of the stairs. The suite is one of the most modern of any in the county. The office in the state court building is now the only one remaining in the old courthouse. The books, documents and other effects of the office are now being moved into the new building and W. D. Greet expects to be in his new office next week.

The clerk in raising the old courthouse will be started by contractor J. E. Morgan as soon as the last office is moved.

WOMAN BURNED TRYING TO STOP FLAMES IN HER HOME

Mrs. A. Walker, 115 Anthony street, received painful burns throughout the arms and hands Friday morning at 9:45 o'clock while attempting to put out a fire which partially destroyed her home. Mrs. Walker discovered the flames in the rear portion of the house and after giving an alarm attempted to extinguish them. She was hurried to the emergency hospital in an automobile driven by H. W. Browder, and later taken to the home of a friend. The roof of the house was partially burned while the contents were damaged by smoke.

A burning fire at the home of Candario Ornelas, 611 San Jacinto street, caused an alarm to be turned in to the central department at 9:40 o'clock Friday morning. No damage was done by the flames.

Women who have replaced the men in the English industries now number 1,671,000.
